

Port of Rouen specialities : references for 2009

Equipped as it is with specialist terminals located along the Seine Valley from Rouen to the sea, the Port of Rouen has Earned a place among the leading ports for numerous speciality freights :

- It is the N° 1 European port for grain exports.
- It is the N° 1 French port for agro-industry traffic (fertiliser, malt, sugar, flour, oilseeds), paper products and containerised cargo consolidation on North/South routes.
- It is the N° 2 French port for wood.
- It is the N° 3 French port for refined petroleum products and general conventional cargo.
- It ranks N° 5 among major French sea ports.
